	SECRET	X CONFIDE Release 2005/05/02 : CI	NTIAL	UNCLASSIFIED				
	NARRAT IVE		INTERIM	FINAL				
i	The contractor is behind schedule on this project due to poor design at the optical train in the prenormalizing scanner. In order to complete the study, the contractor has had to set up and use an alternate prenormalizing system involving a rotating TV line scan. This system is in operation and the study is now progressing towards its conclusion.
